We are making a difference!

* We teach over 132,000 children and parents, Life and Fire Safety information annually in Schools, Churches, Day Care Centers, and Special Events. We do this through our safety programs, safety coloring books, brochures, media coverage, and our video called "Stop Drop and Roll with Huffy the Clown" free at all Tulsa County Libraries. (We are breaking national records in public safety education) The cost for this is around \$25,000.00 annually.

* We put on Oklahoma's only "Burn Camp" for children that are a victim of burns and/or disfigurement injuries of any kind. Scars to the body, arms, legs and face that might make the child self conscious about the way they look to others in public. We have had great results in helping these kids with a one-to-one camper/councilor relationship! Annual cost for this camp is \$15,000.00.

Burn Camp is also
Sponsored by

* We provide a fully furnished apartment for burn victim's families to stay in while they are in the Burn Center sometimes for months at a time. Unfortunately this apartment is always in use. The cost for this program is \$9,000.00 per year.

* We built a new "T.F.E.C. Safety Education Fire Station" located at the new "Safety Center" in Tulsa. This is a facility where we will have our Firefighter Clown Headquarters, Groups and classes can do hands on Life and Fire Safety Education programs. We started out with \$30,000.00 in the year 2000, and that's about a half of what we need to finish. At this time it is used as a storage facility for our props, equipment, and safety hand out materials.

* We funded a \$40,000.00 portable Safety Education home exit drill trailer with smoke machines, cameras, TV monitor, heated doors, and other items to teach about subjects like Home Hazards, Exit Drills, Kitchen Safety and much more.

If you, your company, or organization would like to help us with any of our projects we would greatly appreciate it, and would love to talk to you! To contact us: Office: (918) 610-8122, Fax: (918) 622-0833, Web site: www.tfdclowns.com

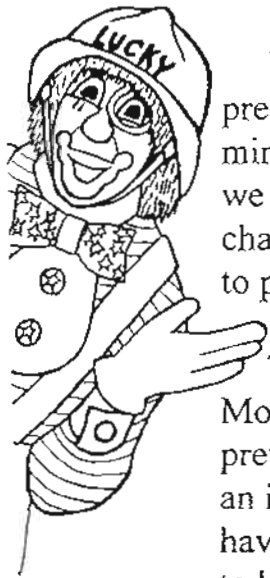

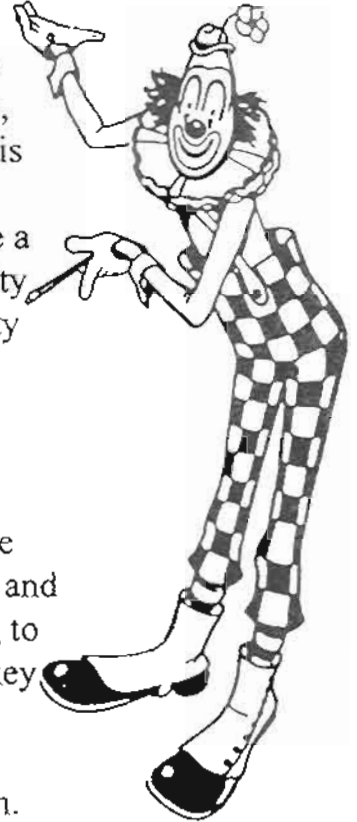

Learn about our group, and how to become a sponsor.

Hello my name is Tom Hufford, AKA "Huffy the Firefighter Clown" president of "Huffy and Friends" the Tulsa Firefighter's Educational Clowns. We are a non-profit organization put together by off duty Tulsa Firefighters and many other volunteers in 1984. We are non-profit group funded only through private and corporate donations, and fundraisers. We need your help to keep going. . .

Our main goal is to teach life and fire safety education to as many children and parents as possible with the volunteer hours, donated funds and materials that we can generate. By doing this we can help eliminate the terrible affects that come with preventable injuries and fire. We now see over 132,000 people a year. We volunteer our time, but we must turn to the community for financial support, and material donations for the many safety programs, safety events, burn camp, and other projects that we provide free to the community.

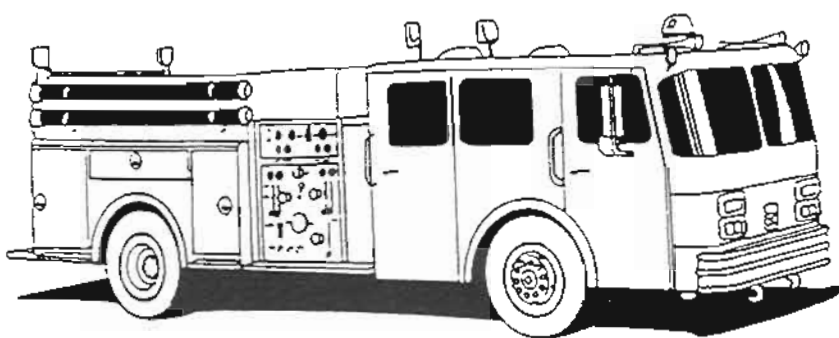

In other countries fires are looked at as a failure of the fire prevention education efforts. Unfortunately here in the U.S. the mind set is that a fire is an unpreventable act that just happens, and we react to it after the fact. This is just not true! We are trying to change this way of thinking. Education and prevention is the key to preventing fires, and saving lives and property.

The three main causes of fires are men, women, and children. Most fires can be prevented with proper education and preventative actions. When we (as Tulsa Firefighters) respond to an incident involving a burned person and especially a child we have an emptiness feeling inside, why did this happen? Our way to battle this is to do as much as possible to educate the community to help prevent future incidents.

T.F.E.C. BURN CAMP

Burn Camp is also

Sponsored by

Do you know of a child that we need to contact for burn camp?

It is a free 4-day camp designed for children that are burn victims, or children that have any disfiguring type injuries. There are children from all over Oklahoma and four adjoining states that attend our BURN CAMP.

We have had great success with these camps for children who are victims of severe burns. Burn Camp is always scheduled around the middle of August, and is located at Dry Gulch USA. There are over 100 volunteers involved that range from firefighters, burn nurses, teachers, adult burn survivors, to many other volunteers. We provide a one-to-one ratio so that each camper has a adult counselor/buddy for all 4 days.

The first day's registration will be in Tulsa. We will transport everyone to camp. That night and the next three days will be at Dry Gulch U.S.A. 10 miles north of Pryor, Oklahoma located in Adair County.

The camps activities include: A western town theme, petting zoo, water park, go cart track, paddle boats, magic show, full size train ride, bass masters fishing guides on lake Hudson, horse back rides, clowns, games and much more. Each child will receive a Burn Camp shirt, hat, fishing pole, plaque, picture, camp packet, Burn Camp Pin, and much more!

If you know of a child that has been involved in a fire or burn incident, or a disfiguring injury that you think might benefit from this camp please contact us as soon as possible. The parents or guardian must fill out and turn in an application. We would love to discuss anything about this event or our organization with you.

Huffy's free Safety shows

Huffy, AKA Tulsa Firefighter Tom Hufford, volunteers as the President of "Huffy and Friends" the Tulsa Firefighter's Educational Clowns. He presents free Life and Fire Safety education shows in Schools, Churches, Day Care Centers, and Special Events to over 132,000 people annually. He requires a minimum of 200 children per show so that he can see as many children as possible with the volunteer time that he has to give. Tom has a limit of eight volunteer events per month. These events are normally booked up a year in advance, and are schedule from August to August.

"Huffy and/or Tulsa Firefighter Tom" will do: Life and Fire Safety shows, birthday parties, company picnics, grand openings, and all kinds of special events above and beyond the eight that he volunteers for. These are done as a hired entertainer. The funds raised by "Huffy's Party Planning" paid events is what pays for Huffy's transportation, gas, insurance, and give away prizes so that he can do the free volunteer shows, and the award winning community service that he has been doing for the past 18 years.

Huffy's Party Planning Company

Tulsa's number one children's entertainer for:
Birthday parties, company picnics, or any special events.
Magic shows, balloon twisting, face painting, prizes, blow up activities, carnival games, tents, bingo, and so much more!
